Chamber of Commerce Plan Red Coat Roundup

Deer hunting season begins November 15 and on that date once again this year the Red Coat Roundup will be sponsored by the Grayling Regional Chamber of Commerce.

A large deer herd reported this season promises to bring many trophies for display on the buck pole at Grayling City Park. Prizes will be awarded for the first buck brought into the park headquarters, the heaviest buck, and the largest rack. Other prizes will go to the first woman bagging a buck, the youngest to bring in his trophy and the first ten who register an antlered animal.

Only those persons who register prior to the opening of season will be eligible. Each person to register will be furnished a Red Coat Roundup button at a charge of \$1.00. Registration forms will be available at many places of business in Crawford County, or at park headquarters.

Merchants having registration forms and badges will be listed in next week's paper.

Guard, Legion Join in Veterans Day Ceremony at Grayling State Bank

A National Guard color guard and honor guard together with an honor guard from the Grayling American Legion Post will take part in the Veterans Day ceremony at the Grayling State Bank Thursday, Nov. 11.

The ceremony will begin at 10:30 a.m. and end at 11 a.m. the time the Armistice was signed. The Grayling State Bank will be flying flags given by the government to families in memory of those who served for their country. Families who would like their flag included in this memorial ceremony should contact the bank. Flags will be returned to families after Veterans Day along with a certificate of acknowledgment from the bank.

Icy Overpass Leads to 3-Car Accident

An icy overpass on north I-75 helped cause a three-car accident Friday.

Robert Jansma, of Grayling, lost control of his vehicle on the overpass above Old U.S.-27 south of Grayling. His vehicle came to a stop and was struck when a vehicle driven by George Newson, of Boyne City, couldn't stop in time to avoid Jansma's vehicle. Irene Alex, of Saginaw, in another vehicle, swerved to avoid a collision on the overpass and struck a guardrail.

The Crawford County Sheriff Dept. warns motorists to be careful on icy overpasses at this time of year. Ice will form on the overpasses before other stretches of road.

In other police news, 57 used batteries were stolen from a storage area at M.A.T.E.S. and recovered later. Two juveniles are being petitioned into Juvenile Court following the theft.

Two canoers were reported missing during last week's

Fewer "Racks" Await Hunters in Area Woods

HERE'S LOOKING AT YA—Most hunters will see a big buck like this six-pointer either in the woods Monday Opening Day or in their dreams the night before — hopefully on Opening Day and as close up as Dale Papendick, of Grayling, was when he took this photo.

by Jon Thompson

Hunters will probably see fewer large racks on bucks Opening Day because of a harsh winter last year, says Ray Perez, DNR wildlife biologist for Crawford and Kalkaska counties.

Last year several large racks were taken in the county including a 12-point from the Hartwick Pines area. This year, however, Perez says hunters will take more spike-horns and fewer big-rack bucks because of the hard winter last year which curtailed antler growth.

Last year's winter also cut down on deer numbers in Crawford and Kalkaska counties, Perez says. One & a half year-old deer usually make up 70 percent of the legal buck harvest during rifle and bow hunting seasons. These one and a half year olds had heavy losses as fawns during last winter. Perez says the heaviest losses occurred along the Manistee River and Portage Creek.

Some of the best areas for hunting in Crawford County will be on military lands between County Rd. 612 and North Down River Rd., he says. Areas around Lovells and Lonesome Lake appear to have a fair number of deer while most of the other parts of the county will probably have the same amount of deer as last year.

Perez says the brightest spot in Kalkaska County will be the southeast corner where extensive habitat work and timber cutting has resulted in a substantial increase in the deer herd. Another good spot will be cut over lands between County Rd. 612 and M-72. Most other areas in Kalkaska County had a high winter loss last year, Perez says.

A week before Opening Day Perez said deer were making heavy use of oak ridges eating acorns. He said there is a fair acorn

What Next for Twp. Improvement Fund?

What happens to the more than \$120,000 in a Grayling Twp. Improvement fund now after voters rejected spending the money to build a new township hall?

It's up to the Grayling Township Board and township residents. Until they decide some of the money will sit tight drawing interest and some of it will be used as up-front money in road projects. The township uses

the fund to pay property owners' share of special road projects and then the fund is re-imbursed when property owners pay extra assessments at tax-time.

Grayling Township Supervisor Bernie Fowler said township residents may want to use some of the fund to cover a possible increase in road projects next year. The township said a number of road projects are lined up

waiting for funding.

Although the township hall proposal was defeated 1199 to 388, the problem of more office space for the township didn't go away. No additional office space is available at the Grayling City Hall where the township currently rents three rooms.

Fowler said the township board will probably address the problem at the November 9 township meeting.

Frederic Fire Hall Construction Begins

Construction has started on a new 100-foot by 40-foot Frederic Township Fire Hall.

The \$97,350 building — expected to be finished by February 29 — will have five bays for fire trucks and vehicles.

The new fire hall, located behind the township hall, will replace the current 50-foot by 40-foot fire hall also located next to the township hall. The old fire hall wasn't big enough and two fire trucks had to be parked outside.

Frederic Township Supervisor Harold Mertes said the old building will be used for storage for both the fire dept. and the township.

North Central Construction from Gaylord is the general contractor for the new fire hall. When advertising for bids on the building Frederic Township limited bids to construction companies within a three-county area. The cement contractor working on the foundation and walls is from Frederic Township.

Funds for the new building

came from a special 2-mill levy in the township for the fire dept. No new millage will be needed to pay for the building.

The township plans to put finishing touches on the building in the spring.

Besides covering all of Frederic Township, the Frederic Fire Dept. also covers Maple Forest, is on call for the rest of Crawford County for large fires, and has a mutual fire coverage agreement with part of nearby Otsego County.

Grayling High School Open House

The Grayling High School Staff is happy to announce the fall Open House to be held this Thursday evening, November 11th, from 6:30 to 9:00 p.m. at the High School. Mr. Naghtin, Principal, emphasized the mutual benefit that can be gained by these parent conferences and encouraged all parents to take advantage of the opportunity. Report cards will be distributed to all parents upon entering the building.

In conjunction with the Open House there will be two special interest meetings held for parents of Freshmen and Sophomores:

7:00-7:20 Meeting with parents of Freshmen to distribute and interpret results of the California Achievement Test taken last spring.

8:00-8:20 Meeting with parents of Sophomores to distribute and interpret results of the Michigan Education Assessment Program taken this fall.

Mr. Naghtin stated that he is looking forward to the opportunity to personally thanking the parents for their support and the warm welcome they have extended to him. In the event any parents are unable to attend, report cards may be picked up in the High School office any day after the Open House by either parents or students.

School Volunteers

The Health Department is offering a flu shot to all school volunteers. If you are interested, please advise Pat Dabb, Title I office at 348-7641, Pat Nunn, Grayling Elementary School or Dave Hawkins, Frederic Elementary School, before Noon on Friday, November 12, 1982.

students, absent, sick, or falling behind in studies.

\$250 will implement a kindergarten listening program. \$250 will be spent on a program to teach fifth graders about jobs. \$300 will fund assemblies at the Grayling Elementary School. \$118 will be spent on materials for a self-paced math program for fifth graders. \$100 will fund three one-day seminars on career goals.

The district has been receiving about \$7,500 in federal grants each year. The increase this year is due to a consolidation of the federal grant program and some carry-over funds from last year. Peter Ingvarsson, responsible for acquiring the grant money for the district, said the federal money usually was spent on textbooks before. This year he said most of it is being spent on curriculum needs and in-service programs to strengthen curriculum, especially in the science area.

crop this year in Crawford County. Across northern lower Michigan, the acorn crop is reported far below last year's bounty and deer were expected to be less concentrated in oak woods this year.

Perez warned hunters that two sections in Kalkaska County in Bear Lake Township will be closed to hunting due to military activity. (See announcement under It's News Here).

Most of Crawford County will be open for doe permits this year and DNR District 7 wildlife biologist Thomas Havard expects a large in-

crease in the harvest of antlerless deer. Havard, whose district covers Crawford, Missaukee, Kalkaska, Oscoda, Alcona, Roscommon, Ogemaw, and Iosco counties, points to Foley Swamp on the Crawford-Oscoda County line north of M-72 as a hot spot. He also says deer will concentrate in cut over areas and other places that support green herbaceous vegetation. Farm fields, wildlife openings, and areas with high water tables are other good spots. He cautioned all hunters to respect private property and be sure of their target before shooting.

Pre-registration at Kirtland

Kirtland Community College will be holding pre-registration for all new and returning students during the month of December. Students are encouraged to pre-register, as it saves time and guarantees a place in the class(es).

Pre-registration will be December 6-10, from 9 a.m. to 4 p.m., for returning students only, and from December 13-17 from 9 a.m.-4 p.m. for all students. Full tuition is due, or financial arrangements must be made, by January 3, 1983 at 4:30 p.m.

Pre-registration for off-campus classes can be completed on-campus during this same time.

snowstorm. Sheriff deputies finally found the canoers at 8:30 p.m. after Ray's Canoe Livery reported them overdue. The canoers, Dawn Hart, 26, of Flint, and Terri Carrizals, 23, of Flint, sought shelter in a cabin at dusk.

Sheriff deputies helped track down an escapee from a Dept. of Corrections camp in southern Michigan. After being reported in the county, a Michigan State Police tracking dog located the escapee near a residence on M-72 by Stephan Bridge Rd.

In other county police news, the Grayling City Police, Crawford County Sheriff Dept., and Crawford AuSable School District officials recently met to discuss teenage drinking and more specifically B.C. parties.

The B.C. parties (B.C. stands for Boozer Club) are beer parties held on state land that have attracted as many as 200 students in the past. A police investigation revealed a large number of persons driving home from these parties have been involved in minor and serious traffic accidents.

Police and school officials urged students not to attend these parties and asked parents to closer supervise their children's whereabouts. They also agreed that school officials have to watch closely for ticket sales or any organization of these dangerous activities and suspend any students caught involved. Additionally, law enforcement officers will strive for stricter enforcement and thorough investigation of persons selling tickets to the parties and buying the beer or liquor for the parties.

MILITARY STRENGTH
CAN LIVE ONLY
IF ECONOMIC
STRENGTH IS
AT ITS BASE ...

There are going to be special ceremonies this Thursday, Nov. 11th, Veterans Day on the Grayling State Bank lawn to honor all Veterans who served their country in its time of need...through the efforts of Jack Alef, president of the Bank, there will be a color guard and honor guard provided by the Grayling American Legion Post 106, and members of the Michigan National Guard from Camp Grayling...

The ceremonies begin at 10:30 a.m. and last until 11:00 a.m. and will give all of us a chance to pause for a moment to pay respect to those who paid the supreme sacrifice so that we may live in a free country...

Another deer season opens this coming Monday, Nov. 15th that should give a boost to the economy of Crawford County and points north...the red coats, as they were referred to for so many years have taken on the color of orange, which experts say shows up more in the woods than red, will be invading the county in search of the wily white tail...reports of the number of deer are mixed with from good to normal...last winter was a tough one here...with opening on Monday, which gives the hunter a whole weekend up here just prior to the opening should generate some economy for the area...and with the number of layoffs down state should also bring more north...

We can remember a long time ago how main street would be flooded with hunters the first three, four days of the season...possibly we can look forward to something like that this year...there wasn't too much of color tours during September and October, in fact we can't remember those two months...the two months are supposed to be two of the nicer months of the year in Northern Michigan, and this year they were blah...about all that we can expect now is snow...and to think the only thing the ol' timer does with that is shovel, and very little at that...we can do without winter...we're not the outdoor type...

I'm sure that most of our readers have either read or heard about how the bride was stood-up at the altar and other times how the groom has been jilted at the last minute...well here in Grayling most anything can happen, and it usually does...this past weekend this likeable couple planned on speaking their vows at 5:30 Saturday evening...a minor complication set in Friday when the bride, all in a tither, was so preoccupied she forgot to pick up their wedding license from the county clerk's office, (this is something one needs to join in wedlock)...not always I guess but it helps...seems as how a friend took over after the county building had closed for the weekend and called former County Clerk, Nancy Krey, who in turn called her deputy clerk, Sandy Moore, who went to the office and came up with the license and whatever else comes with it, and the marriage was saved for Saturday evening...all we can add here is our congratulations to Tex and Terry, and we wish you many happy years...

This takes care of the ol' timers efforts for this week, at least we felt good Sunday with the sun after that white stuff and blah weather...so, goodnight T.J., Stefany and Amber...and to all of our readers have a nice weekend, and to all those seeking the white tail, good luck...

The Bible Speaks

From Calvary Baptist Church

Israel's Future Assured by Elijah

Romans 11:2-5

Elijah even thought during his ministry to Israel that her sin was so great that it had cancelled out God's election of His people. "God hath not cast away his people which he foreknew. Want ye not what the scripture saith of Elias? how he maketh intercession to God against Israel, saying," Romans 11:2. To question Israel's future glory is to question God's wisdom in His foreknowledge and election of Israel. God will not change His election even if His choice servants turn against Israel and start praying against her.

Elijah bears witness of how Israel killed God's choice prophets, and destroyed their places of worship. Israel became so rebellious against God that they were trying to kill Elijah. Yet, God's election stood firm. Israel will remain God's choice people. "Lord, they have killed thy prophets, and digged down thine altars; and I am left alone, and they seek my life." Verse 3.

God even had to remind Elijah that He had 7,000 replacements for Him if He desired to use them. "But what saith the answer of God

unto him? I have reserved to myself seven thousand men, who have not bowed the knee to the image of Baal." Verse 4. No human being is indispensable to God. He can always reserve by divine election as many replacements as He wishes.

God's election of Israel by His grace has assured Israel's future at the time of Elijah, during the writing of the New Testament, and even until this very day. "Even so then at this present time also there is a remnant according to the election of grace." Verse 5. If you question this truth ask the PLO and other Arabs in the Middle East who are opposed to the state of Israel.

While Israel's election by God's grace assured their future blessing, we must remember that Israel's failure to give God the glory and worship Him as they should have, brought terrible persecution and pain to the nation. No people on earth have suffered more than the Jews during the past 2,000 years. Even so, you and I may be God's elect, but that does not mean we can rebel against God and get away with it. "For whom the Lord loveth he chasteneth, and scourgeth every son whom he receiveth." Hebrews 12:6. (adv.)

Welcome to news of the Retired Senior Volunteer Program. RSVP volunteers in Crawford County are very busy people. Many of the activities are services to the community. Many volunteers of RSVP provide service hours to the American Red Cross. Volunteers work at the Red Cross Blood Banks, they do envelope stuffing and labeling, and

have also helped in fund raising activities as well as serving coffee, etc., at emergencies.

RSVP members have been very active for Crawford County. Many county organizations have benefited from RSVP volunteers time. Crawford County libraries including Frederic and Lovells depend on the volunteers to keep open. The main library in Grayling has used volunteers at their annual Book Sale. Volunteers have also helped in book mending

Make Plans Now!**Hanson Park To Present
Arts and Crafts Weekend**

On Saturday and Sunday, December 4 and 5, Hanson Park will present its first annual Arts and Crafts Show and Sale, a full weekend of exciting things to do for every member of the family. The show will not only feature many local artists, but craftsmen from throughout the entire Northern portion of the state. The show will be held in the main lodge building of the park and will open to public at 10 a.m. on both days. There is no admission charge.

To the members of the local community, the Hanson Park Arts and Crafts Show and Sale provides to distinct opportunities. First of all, for those local artists and craftsmen, an opportunity to display and sell their creations. And for everyone else, an excellent opportunity to get some of that Christmas shopping out of the way. All items will be for sale, and the craftsmen will be on hand, creating more and explaining their creations.

Local artists and craftsmen who are interested in displaying and selling their wares at this year's Arts and Crafts Show and Sale are asked to call the park at 348-9266 and make sure that their registration and space reservation is completed no later than November 22.

and repairing. RSVP members have been valuable aids to the newly organized Crawford County Arts Council. During the Young Americans performances in July & August, volunteers helped greet the performers, helped serve them meals, and made up sack lunches for the young people to take with them. The performers were very enthusiastic about their reception in Grayling. The RSVP volunteers presented a smiling, friendly face to the young people as well as a good representation of the community.

Volunteers also serve when requested at the Dept. of Social Services. Many times clients need transportation to and from Dr. or hospital appointments. RSVP volunteers provide these services (mileage reimbursement is provided). Volunteers help with mailings for various organizations. Many groups have mass mailings every few months. RSVP members do the stuffing, addressing and stamping. Many organizations would not be able to run as efficiently without the aid of the RSVP volunteers.

The Retired Senior Volunteer Program provided 3,511½ service hours to the community in Sept. Multiply that by minimum wage of \$3.35 and the community received \$11,763.52 worth of services.

Operation Identification is a new project RSVP will be working on with the Crawford County Sheriff's Dept. The project is designed to

help in the identification of private property (stereos, TVs, etc.) that might be stolen. It is also used as a deterrent to burglaries. The project will consist of volunteers receiving training in how to use engraving tools and other areas of concern from the Sheriff's Dept. If you might be interested in this project, please call the office at 348-4341 or 348-8322 for more information. Volunteers are also needed to aid the Sibs for Kids. They have several kids who are interested in hunting and fishing. If you'd like to be a Big Brother to these children, please give the office a call.

Thanks!

Words cannot describe the inspiration I have received from the cards, notes, inquiries, calls, and visits to follow the doctor's orders.

I know it won't be long before I can get back to work and I know the quick recovery will have been because of the positive attitude you have given me by all your showings of concern.

Thanks again!
Ralph Hoffman

Transportation Woes

Transportation research in the United States has been "almost criminally neglected" in the last decade, says the director of the Texas Transportation Institute. Much of the decline in mobility we are experiencing—overcrowded highways, airways, railways—stems from the lack of a soundly funded transportation system and the problems will get worse.

A Big "Thank You"

This is to acknowledge, with sincere thanks, those who voted against the construction of a Grayling Township building. It is gratifying to know there are those who have a growing concern for fiscal responsibility and unnecessary spending, whether it be on the local, state or national level. Let's keep up the good work and continue to be self-appointed "watch dogs" of our tax moneys and be determined to keep our township solvent.

Sincerely,
Mary Cecil

PINK FLOYD THE WALL**"COLOR IT TERRIFIC!"**

Never before have music and imagery, live action and animation been so soaringly blended as in this defiantly unorthodox pop opera...

"VISUALLY SPECTACULAR AND INCES-SANTLY TUNEFUL... Pink Floyd's mega-hit recording has been turned into a first-class film."

"AN ALL-OUT ATTACK ON THE SENSES... Rising to crescendos of grandiose fantasy... A good-looking film with no shortage of nerve. It uses fantasies and animation... more enthusiastically than 'Tommy'."

"OVERWHELMING AND EXPLOSIVE... Director Alan Parker has exerted truly manic energy, utilizing to the full everything that camera, sound, music and art can bring to the screen."

State Faces New Budget Deficit

With just over one month gone in the state's new fiscal year, a budget cut of over \$160 million may be needed to compensate for declining revenues, said Senate Fiscal Agency Director Ted Ferris.

In a memo to Senate leaders, Ferris noted that the fiscal year just ended also had a budget gap that is \$40 million more than projected by the administration which must be resolved before the books are closed.

The gloomy estimates were issued following an unexpectedly large fall-off in tax collections in the final quarter of fiscal 1981-82 and the prospect the economy will show little improvement for the remainder of the calendar year.

Ferris said the odds are slim that the budget problems will be of a lesser nature than he has forecast and many variables could push it to even larger levels.

Ferris urged the cut be made in November or December, saying the next opportunity would not be until February after the new government is organized, which would give officials as much flexibility in dealing with the problem.

Senate Majority Leader William Faust (D-Westland) accepted the more pessimistic forecasts, saying an executive order cut appears unavoidable.

Management and Budget deputy director Doug Roberts called the revisions premature. "The evidence to date does not indicate it will go the other way," he said.

He said officials may not know prior to the end of the calendar year if a downward revision is needed unless the slide is substantial.

The department also continues to hold a \$20 million remaining deficit

in the 1981-82 fiscal year which it proposes to be resolved by accounting changes for beer/wine and oil/gas severance taxes.

Ferris, forecasting a \$62.3 million gap, suggested the additional step be taken to revise the Medicaid accounting as well, a move he said would not only balance the budget but keep the state in compliance with constitutional requirements for proportion of state-local spending.

His projection for a \$161.2 million deficit for 1982-83 includes additional spending for welfare of \$50 million and for school aid of \$21.2 million (that due to sales tax revenue declines) and \$91.8 million less in general fund taxes.

Ferris' economic projections noted the weakness of the September revenues (it was the worst month of the 1981-82 year) and said he expects October collections to be better but to also fall below expectations.

The indicators continue to tell bad news, he said, pointing to the 3,000 caseload jump in September in welfare recipients, the September rise in the unemployment rate and the month's decline in the number of persons employed.

Ferris added he still expects the economy to pick up next calendar year, but not enough to offset the decline at this point.

Other analysts note that despite the drop in interest rates, consumer confidence has not yet risen to the point where it is reflected in major purchases, particularly in homes and cars.

And they note state spending will continue at high levels even after the recovery begins, since a decline in welfare caseloads generally trails an upturn by about 12 months.

Richard Shipe, 22, of Grayling, plead nolo contendere to a charge of receiving and concealing stolen property of a value under \$100. He was fined \$105 or 10 days. He was cited June 1, 1981, after a citizen complaint.

Chamber Dinner Well Attended

A challenge to change with the times was offered at the recent Grayling Regional Chamber of Commerce annual banquet by Dr. William P. Shulhof.

Shulhof, who is technical director at the Central Foundry Division of General Motors, said that any community must decide what it will be five, ten or twenty years from now. He pointed out that no business exists without taking some risks. Shulhof noted that we will not reach the 21st century and have a brand new year, but rather we will ease into it. Changes he predicted included lighter cars, gasoline prices doubled, fewer attorneys, fewer attorneys in politics and fathers taking maternity leave. He also predicted more preventative medicine, many people doing their jobs at home, an older population, the passage of the Equal Rights Amendment and a decline in union membership.

Shulhof held his audience's attention with a good deal of humor while getting across the message that progress is made through change and rewards come only to those who take risks.

The banquet, attended by 121 persons, was chaired by Chamber Board Member Joe Wakeley. Executive Director Debbie Branch reported on a significant increase in Chamber membership. She remarked briefly on some of the current projects of the Chamber. In proclaiming the banquet a huge success, Mrs. Branch extended a special thanks to a number of individuals and businesses playing a significant role in the success of the banquet. She particularly thanked Flowers by Josie, Ole Dam Party Store, Holiday Inn - JoAnn Cox, Jack Alef, John Alef II, Ralph Stevens, Ernie Dawson, Joe Wakeley, Golden Rule Printing and Image Factory.

A Bit Of Michigan History

Big Mac a Span of Silver Marks 25th November 1, 1982. Looking through my historical archives, I came across this interesting article.

"Through Governor Comstock and associates, Michigan has been to Washington the past week endeavoring to get funds with which to build a bridge across the Straits of Mackinac. This is to cost 35 million dollars. You can be rest assured that there will be no money put up for such a half-baked idea as a Mackinac Straits Bridge unless the State of Michigan guarantees the payment. If Comstock's idea of a bridge miles long ever is carried out the taxpayers will eventually pay plenty. Many engineers have pronounced the idea silly and impractical. It will be a costly burden for years. The people of Michigan should let Washington know that they are opposed to Comstock's Colossal Folly".

Governor Comstock took office in 1933.

Dear Mr. Clark:
I believe there must be a misunderstanding concerning the elimination of the interpretive program at Hartwick Pines State Park as you indicated in your letter of October 23, 1982.

We, too, realize the value of this program to schools and park visitors and it is not our intention to change the program at Hartwick Pines State Park. Regular scheduled tours for the public are reduced during the fall season so Mr. Hoover has time to give special request tours to schools and organized groups.

I appreciate your interest in Hartwick Pines State Park.

Sincerely,
R.F. Nagel

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

For a number of years a term to describe one of the many jobs around a logging camp has puzzled me. I knew what the job entailed, but the origin of the job title "Barroom Man" kinda stayed out of reach until just recently. The Barroom Man was often a greenhorn or an old-timer who wasn't able to stand the strain of a ten-to-fourteen-hour day in the tall timber. He swept the floors, changed the roller towels when the clean spots disappeared, filled the water barrel and the oil lamps, cleaned lamp chimneys, and kept the wood box filled and the fires going. He was often the butt of jokes and horseplay, but he got his licks in when morning came since he quite often woke the men up and at night he blew out the lights at nine o'clock.

Some men might begin and end their careers in the woods as the "Barroom Man" not by choice but since it was work or "no eat." There were some few men who chose it as their life's work and thus were very good at keeping the bunkhouse in order for the crew. In that bunkhouse the towels were clean, the mirror over the wash-up counter was polished, a supply of clean straw or new boughs for the bunks was available, the floors were clean, and so forth. The term "Barroom Man" has its origin, I believe, in the similar work performed in the old-time saloons of the era.

8th Graders to Publish Paper

Written by Jason Wilson

Do red and white tennis shoes with a gray suit sound like Wayne Hindmarsh? Friday, October 22, Hindmarsh, dressed this way, addressed the 8th grade Journalism class about gathering news.

Wayne Hindmarsh, station manager at WQON, talked to the class about good elements in a news reporter. He also talked about finding news, and knowing the difference between fact and opinion when writing an article. Hindmarsh's dress code was to point out two important reporter elements: curiosity and observation.

Hindmarsh went on to say that, "A good journalist must be curious and observant. The journalist must look for news and ask good questions." He also said it is good to have a news source or news beat to find news.

Vikings Close Year in Snow

Grayling closed out their 1982 season with a 20-6 loss to Onaway played in three inches of snow.

The snow along with cold, windy weather turned the game into a slug-it-out ground game. Grayling handled the slippery field well pushing for the most yards of any game this season.

Jim Hill with 69 yards rushing, Barsie Cross with 54, Jeff Kea with 40, Mike Hickey with 18, Jim Stewart with 9, and Ryan Morford and Luke Petrosky with 2 yards apiece ran for a total of 194 yards.

Grayling didn't handle the slippery ball quite as well fumbling six times with Onaway recovering three times.

Onaway scored their first touchdown in the first quarter following a Grayling fumble on the 48-yard line. Grayling came back in the second quarter to drive 55 yards for a tying touchdown. Hill burst over from the one for the score.

Grayling later in the quarter moved down to the Onaway 5-yard line but

failed to punch it over.

In the third quarter, Grayling lost a snap from center on a third down play deep in their own territory. Onaway went in to score and they added a final touchdown with about two minutes to go in the game.

Greg Helsel led Grayling with 15 tackles or assists. Jim Hill had 11, Joe Riddle 10, Hickey 8, Kea, Dave Martella, Brad Emerick, and Bob Keene each had 6.

Seniors playing their last football game for GHS were Kea, Martella, Morford, Luke Petrosky, Hill, Riddle, Emerick, Rob Priestap, Mike Petrie, Keene, George Morse, and Richard Grant.

The Vikings' award banquet is tentatively set for Nov. 29.

The J.V. squad finished a 6-3 season with a 36-24 win over previously undefeated Onaway.

New Officers Installed for A.B.W.A.

The election of new officers for the 1982-83 year was the primary subject on the agenda for the regular meeting of the Grayling Chapter of ABWA, held at the Holiday Inn of Grayling on Tuesday, October 18th.

New officers elected were: Bonnie Donnelly, President; Margie Mathers, Vice President; Sally Hartig, Treasurer; Dorothea Carlson, Recording Secretary; and Karen Casler, Corresponding Secretary.

During the next thirty days new committee chairpersons will be selected and all members will be assigned to committees. Outgoing President Sally Hartig was presented with a beautiful corsage by Audrey Dittmas, President of the Northernaires Chapter of ABWA in Gaylord. Also visiting from the Northernaires were Peggy Pung, and Betty Barr. Sally presented her outgoing officers with ABWA stick pins.

'41, '42 GHS Football Champs Hold Reunion

Several members of the 1941 and 1942 Grayling High School Football Team and their cheerleaders along with their mates attended a cocktail party at the Boyne City - Grayling football game on Friday, October 22, and a steak dinner and another cocktail party at the Sandy Thompson residence on October 23rd.

It was recalled that this team never lost a conference game in 2 straight years and only suffered one defeat against Alpena High School by the score of 7-6.

This team was not only unique with its win-loss record but also by the fact that there were 7 sets of brothers involved, and this was the era when all substituting had to be reported individually to the referee. Can you imagine the confusion when 7 subs went into the game at once telling the referee Kolka for Kolka, Hatfield for Hatfield, etc.?

It was also recalled that football then was the days of the ground game but against

a very good Petoskey team, seven straight passes in seven straight plays were completed by this team.

Team members were: Harold and Howard Hatfield, Jim and Alvin Kolka, Ross and Sandy Thompson, Bob and Dick Gildner, Bob and Ted Bennett, Art and George Fairbotham, Ed and Don Sorenson, Gerald Burns, Herb "Bud" McDonald, Jim Crawford, Bob Clark, Art Sidman, Roger Giegling, Fred Smith, Jack Church, Bob Annis, Keith Entsminger, John Kraus, Harry Miller, Eugene Corwin, Bob Smock, Chuck Duncan, Gerald Babcock, Bob LaChappelle, Ed Owens, Allen Stevenson, Gary Wheaton, Raymond Andrews, Bill Sorenson, Ann Weiss Hamlin, Jeanne Hanson Thompson, Ruth LaMotte Gorman, Alma Bidvia Comfort, Manager Gene Case and Coach Willard "Butch" Cornell.

Plans were made to hold another reunion within the next 2 years.

The program will be from 1:00 to 3:00 p.m. on Nov. 17th at the Senior Citizens Center at 308 Lawndale Drive, Grayling. There is no charge for the program. Stage Veterans Star in GHS Play

Even the angels can make an occasional mistake. And how one angel's embarrassing error is remedied is the story of this fall's Grayling High School Players' comedy/fantasy, "Heaven Can Wait."

This charming tale chronicles the adventures of prize fighter Joe Pendleton, after he is mistaken for dead by Heavenly Messenger #7013, and delivered to Heaven 60 years before he is due. Mr. Jordan, Superintendent of Heavenly Operations, assumes responsibility for getting Joe back to Earth and on his original course when they discover that his body has been cremated! Creating the role of boxer Joe Pendleton is G.H.S. senior George Morse, son of George and Lorna Morse. He is a veteran of Kids' Theatre

and every play produced at the High School since his freshman year. Theatre-goers last year saw George juggle three separate parts in "Catch-22" and perform the demanding role of Noah in the musical "Two by Two."

When he's not rehearsing, George finds time to play the trumpet in the High School jazz band and in the Original AuSable River Dixieland Band. He also studies dance, skis, and played on the varsity football team this fall. According to George, he sleeps in whatever free time is left.

After graduation, he plans to become a professional musician, specializing in composing and performing. Junior Paul Gust will perform the part of Mr. Jordan. The son of Lary and Carole Gust, Paul also is a veteran of Kids' Theatre, and has performed in several G.H.S. productions.

Paul's leisure time activities include airbrushing and drawing, model building, using his computer, and "enjoying himself."

Paul plans to attend college after graduation. He intends to become a computer scientist, a career in which he can specialize in solving earthly problems.

Freshman Kevin Reynolds will perform the role of Messenger #7013, the over-

zealous fellow who prematurely snatches Joe up to Heaven, thus participating the entire crisis.

Kevin, the son of Kent and Mary Ann Reynolds, last appeared on the G.H.S. stage as a seventh grader, when he touchingly portrayed the Little Boy in "Summertime." He has acted in Kids' Theatre for five years, and he performed in the G.H.S. musical, "Li'l Abner."

Kevin enjoys searching for frogs to add to his growing inanimate collection, as well as using the computer. Although he is undecided about his professional goals, he plans to enter college after graduation.

George, Paul, and Kevin join with their fellow cast and crew members in inviting the Grayling area people to see one of the two performances of "Heaven Can Wait," on Friday and Saturday evenings, November 19 and 20. Curtain time is 8:00 p.m. in the Joseph Stripe Auditorium. Tickets, at \$2.50, can be purchased from cast members or at the door.

Girls End Record Regular Season

Grayling will end its record-setting regular season Friday night traveling to Rogers City.

The varsity girls recorded more league victories this year than any other GHS girls basketball team since Grayling joined the Michigan Huron Shores Conference more than 10 years ago.

Grayling faced league-leading St. Ignace Tuesday in their last home game. Last week Grayling lost two away games knocking themselves out of the league title race. Grayling beat Grayling 48-39 and Charlevoix handed GHS a 53-35 loss.

Free throws hurt Grayling in both games as opponents went to the line 44 more times than the Vikings.

Against Gaylord, the Vikings made 3/12 compared to Grayling's 16/29. St. Ignace made 17/39 compared to Grayling's 9/12. The free throws were the difference in the Gaylord game as Grayling made more baskets than Gaylord.

Heidi Bendig and Kris Laudenslager led Grayling in that game with 14 apiece. Jenny Riker had 5, Karyn Reynolds 4, and Dawn Weatherly 2. Against Charlevoix, Bendig had 10, Laudenslager 8, Riker 4, Joyce Stevens 5, Celina Eshenroder 4, Stacey Wolcott 2, and Shelly Trenary 2.

Grayling was sluggish for two quarters against Charlevoix only scoring 4 points in the first quarter and four

points in the fourth quarter. In between Grayling caught up to only trail 36-31 at the three quarter mark.

The Grayling J.V. squad kept winning beating Gaylord 42-38 and Charlevoix 48-33 to improve their record to 15-2. Erin Jones scored 18 points in the Charlevoix win.

That's Reservoir Robbery

Small to mid-sized communities are in danger of losing their fresh water reserves to aggressive big cities scrambling to provide water for their booming populations. A sociologist who has watched the action warns, "whoever controls the water resources will control the life of a community. Water is crucial for survival."

Shuster-McNamara Speak Vows

Catharine Shuster and Patrick James McNamara were united in marriage on September 4, 1982, in the Amphitheater at Castle Park, Michigan.

Accompanied to the altar by her father, Miss Shuster wore a satin antique wedding gown previously worn by her grandmother and mother. The handmade, and appliqued lace, full length antique veil was worn by the bride. She was the twelfth bride in the family to wear it, following a family tradition. She carried a bouquet of peach and cream roses.

Music for the ceremony was provided by the groom's sister, Shannon McNamara and Matt, Kathy and Sue Neil of Hastings, Michigan.

Sally Shuster, the bride's sister, was maid of honor. The bride's cousin, Susan Pierce, carried the veil. Bridesmaids were Lynn Vacekonis; Mary Liz McNamara, the groom's sister; Sue Homsey and Carrie Rea.

They were attired in light blue dresses and carried baskets of daisies.

Mike McNamara, the groom's brother, served as best man. Groomsmen were Michael Hoffman, James Auger, Michael Lange, and Richard Joseph. Ushers were James Shuster, brother of the bride, and Riley McNamara the groom's brother.

The reception was held at the Castle Park Meeting House.

After a honeymoon in Nassau Bahamas, the couple are making their home in Grayling.

The bride is the daughter of Richard and Rosemary Shuster of Hastings, Michigan. She is a graduate of Ferris State College School of Pharmacy.

The groom's parents are Larry and Maureen McNamara. He is also a graduate of Ferris State College School of Pharmacy.

Attend the Church of Your Choice

The Door and The Key

The hopes and visions of mankind... the ideals to which we aspire.

Can we fulfill them? Is there a DOOR to our spiritual hunger?

Men say the Church is the Door! Jesus said He was!

No contradiction... Christ founded the Church!

But useless is the door without a key.

Why not gather the family together and head for your place of worship this week?

The decision to seek the Door—that is the KEY.

Grayling Audience To View "Romantic Austria"

On Thursday evening, November 11 the Crawford AuSable Schools will present the next exciting adventure of their current travelogue season, a breathtaking tour of the country of Austria. The travelogue will be shown in the Joseph Stripe Auditorium beginning at 7:30 p.m. Doors will open at 6:45 and the Grayling High School "Big Band" will perform prior to the travelogue.

Appearing alive and in person at Thursday night's travelogue will be nationally recognized lecturer-photographer Bob Ditta. Bob was born and raised in New York City and attended the United Nations School there. He has traveled extensively throughout Europe and behind the Iron Curtain.

From the early spring flowers on the Alpine slopes and the tasting of the new May wine, you will thrill at the country of Austria with Bob Ditta as your host and guide. From Salzburg and Innsbruck in the west to Vienna in the east. See the Lippizzan stallions execute their remarkable and precise dances and leaps. Skate on the world's largest ice rink and in Vienna, waltz at the spectacular Opera Ball.

With the approach of Autumn, the trees of the Vienna Woods change to crimson while the viennese prepare for a Fall season of concerts and festivals. Winter brings the excitement of skiing in the picturesque towns of Lech and Kitzbuehl.

Season tickets for this year's Travel and Adventure Series are still available and may be purchased at the door Thursday evening. Single admission tickets will also be available.

RS Bowl-A-Thon A Success

On behalf of The National Reye's Syndrome Foundation I wish to thank Cindy Green and Kathy Lovely for the work they did on the Third Annual RS Bowl-A-Thon. Also to R & H Sports, the coaches, the 27 children who participated, all the sponsors who gave so generously in our fight against RS.

The 1st place winners of the bowling balls were: Michelle Brooks, Tracy Muth, Ian Doten and Nichole Morrill; 2nd place winners of the Pocket Simon's were: Christy Best, Debbie Barr, Laura Wisniewski, and Barbara Green; 3rd place winners of the RS Frisbees were: Aaron Raymond, Eric Bonamie, Chad Bonamie, and Dalynn Grant. The winners of the bowling ball drawings were: Eric Bonamie and Dalynn Grant. Also RS T-shirts were awarded to those eligible.

A special thanks to Debbie Barr who brought in 77 sponsors and Tracy Muth with 53 sponsors. It might be added that since Tracy Muth has won a bowling ball previously she has generously offered to trade prizes so that another child might have the bowling ball this year. Great Sportsmanship Tracy!

Again, thank you to all those who gave so generously of their time and money. We were able to donate \$1,440.73 for Research and Awareness in our battle against Reye's Syndrome. What a beautiful gift - that even one child might live because of your efforts.

A Taxing Decision

With last year's changes in the income tax laws, an accounting professor says there will not be a better time for Americans to begin or add to their savings through deferred tax retirement investments.

Roger Kessler, Dow Executive Receives Award at CMU

Roger L. Kessler, corporate controller for the Dow Chemical Company, received the 1982 Alumni Recognition Award from Central Michigan University.

Kessler was honored at a banquet Oct. 30 at CMU.

The Alumni Recognition Award is presented to one or more outstanding graduates of CMU each year. Past recipients include Richard

Enberg, NBC sports announcer; Lemuel Tucker, CBS news correspondent; Robert Griffin, former U.S. Senator from Michigan; and Robert McCabe, president of the Detroit Renaissance Corporation.

Kessler graduated from CMU cum laude in 1959 with a B.S. in Business Administration. He majored in accounting and minored in economics, geography and

mathematics. He was enrolled in the ROTC program and served a six-month stint in the Army as a second lieutenant.

Kessler is a career man at Dow, having spent 23 years with the company. He began work as an accountant shortly after graduation. He was promoted to chief accountant in the Michigan Division of Midland before being transferred to Texas.

Kessler soon was named controller of the Texas Division, the largest of Dow's 59 divisions. He

assumed the added responsibilities of employee relations manager before being transferred back to Dow World Headquarters in Midland. He served as manager of consolidations and reporting before being appointed to his present position of controller. He also serves as an officer of Dow.

As controller, Kessler is responsible for all the bookkeeping for Dow on a worldwide basis. Dow has 150 subsidiary companies with more than 59,000 em-

ployees.

Kessler, 45-years old, is a Michigan native, born and raised in Grayling. He now lives in Midland with wife Phyllis, son Mike and daughter Maureen. Two other daughters, Lisa and Lori, live in Texas.

Kessler is a member of the National Association of Accountants. He has taught both accounting and religion, managed Little League baseball teams, and served as a member of a hospital association.
